Report on Accountability

Thank you for the opportunity to work with you to promote accountability, integrity and openness in government. The State Auditor's Office takes seriously our role of providing state and local governments with assurance and accountability as the independent auditor of public accounts. In this way, we strive to help government work better, cost less, deliver higher value and earn greater public trust.

Independent audits provide essential accountability and transparency for Alliance operations. This information is valuable to management, the governing body and public stakeholders when assessing the government's stewardship of public resources.

The attached comprises our report on the Alliance's compliance and safeguarding of public resources. Our independent audit report describes the overall results and conclusions for areas we examined. We appreciate the opportunity to work with your staff and we value your cooperation during the audit.

Sincerely,

TROY KELLEY
STATE AUDITOR

AUDIT SUMMARY

Results in brief

In the areas we audited, Alliance operations complied with applicable requirements and provided adequate safeguarding of public resources. The Alliance also complied with state laws and regulations and its own policies and procedures in the areas we examined.

About the audit

This report contains the results of our independent accountability audit of the LOTT Clean Water Alliance from January 1, 2015 through December 31, 2015.

Management is responsible for ensuring compliance and adequate safeguarding of public resources from fraud, loss or abuse. This includes the design, implementation and maintenance of internal controls relevant to these objectives.

Our audit involved performing procedures to obtain evidence about the Alliance's uses of public resources, compliance with state laws and regulations and its own policies and procedures, and internal controls over such matters.

In keeping with general auditing practices, we do not examine every transaction, activity or area. Instead, the areas examined were those representing the highest risk of fraud, loss, abuse, or noncompliance. The following areas were examined during this audit period:

- General revenues and expenditures – trend analysis
- Open public meetings
- Procurement
- Financial condition

INFORMATION ABOUT THE ALLIANCE

Established in April of 2000, the LOTT Clean Water Alliance became financially independent in July, 2001. The Alliance has four government partners, including the cities of Lacey, Olympia and Tumwater, and Thurston County, and operates through the Interlocal Cooperation Act Agreement for Wastewater Management. Prior to July 2001, the Alliance was a component unit of the City of Olympia. Until 2006, the Alliance contracted with the City of Olympia for accounting and financial reporting services. The Alliance assumed responsibility for these services beginning January, 2006.

The Alliance preserves and protects health, the environment and water resources by providing wastewater management services for the urban areas of northern Thurston County.

Four elected officials, one appointed from each of the partner governments, make up the Board of Directors that governs and provides policy direction for the Alliance. The Board appoints an Executive Director to oversee the Alliance's daily operations as well as its 72 employees. For fiscal year 2015, the Alliance operated on a \$14.5 million annual operating budget and an \$18.4 million capital budget.
